

Remarks

Upon entry of the foregoing amendment, claims 14-33 are pending in the application, with claims 14, 32, and 33 being the independent claims. Claims 1-13 are sought to be cancelled without prejudice to or disclaimer of the subject matter therein. New claims 14-33 are sought to be added. Applicant also seeks to make amendments to the specification to correct typographical and grammatical errors. Figures 26-30 are sought to be amended to remove difficult-to-read labels from certain elements in these drawings. None of the removed labels are necessary for support of the claimed invention. These changes are believed to be fully supported by the specification and are not believed to introduce new matter. Thus, it is respectfully requested that the amendments and additions be entered by the Examiner.
